**Subject:** DRAFT Stakeholder Outreach Plan for the Federal Action Plan on Tire Crumbs Used in Artificial Turf Fields

I have drafted the attached stakeholder outreach plan for the Federal Action Plan on Tire Crumbs Used in Artificial Turf Fields. Since stakeholder outreach is part of the Federal Research Action Plan, I think it is important to have an overarching plan that we are following. Of course, we will need to get input and participation from the other Federal Agencies to implement the attached plan which will take time to coordinate. I am happy to continue working on communications and stakeholder outreach once everyone agrees on a plan of action. Can you please review and provide feedback?

Thank-you,
